

Dear School Community,

The following is an update on Armed Security for the coming 2023-2024 school year.

Litchfield Public Schools

The LPS Board of Education approved arming School Security Personnel on Thursday, August 17th. We now begin the process of staffing in accordance with all state-legislated guidelines and requirements. This will not be an immediate change and will require time (for hiring, qualifications, and insurance). The district will keep all updated accordingly.

Regional School District No. 6

Based on prior approval by the Board of Education the district will begin the year with armed School Security Personnel. The qualified individuals will carry a concealed pistol and there should be no noticeable change from previous practice. Each school will have posted signs that armed security is on the premises.

The district places a high priority on the safety and security of our students and staff. Should you have any questions please do not hesitate to contact me directly.

Regards,
Chris
